INSTRUCTION BOOKLET

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions	**Eye or muscle twitching**	**Loss of awareness**
Altered vision	**Involuntary movements**	**Disorientation**

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

⚠WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

⚠WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

INTRODUCTION

Everyone's favorite girls with a "passion for fashion" are back in their very own totally-hot dress-up 'n' dance videogame! Do you think you have what it takes to be in a stylin' music video? Well, if you look the part and have the right moves, you could be! Just pick your favorite Bratz-girl and get ready to Xpress yourself as you dress up and get down in the coolest places, like the mall or the local disco, on your way to becoming a sizzlin' video-music superstar!

GETTING STARTED

Place the Bratz™ Game Pak in the ***Game Boy® Advance*** system and set the power switch to ON. When the language screen appears, use the Control Pad to select your language and then press the A Button to access the Main Menu.

CONTROLS

Control Pad . . . . . Menu navigation. Xpress yourself! Perform Basic and Stylin' Moves.
L Button . . . . . Perform Stylin' Moves when unlocked.
R Button . . . . . Perform Stylin' Moves when unlocked.
A Button . . . . . Accept a menu selection. Perform Basic and Stylin' Moves.
B Button. . . . . Cancel a selection or return to a previous menu. Perform Basic and Stylin' Moves.
START . . . . . Pause the game.
SELECT . . . . . Call up game help whenever you see  on the menu screen.

STARTING THE GAME

Get ready to strut your stuff and flaunt your style! First, select a "New Game" to play and enter a groovalicious name for your save slot. As you advance in the contest mode, your game will be automatically saved. When you start up the Game Boy® Advance again, select "Continue Game" and then the name of the game you created.

Use the Control Pad to select a letter and press the A Button to confirm your selection. You can press the B Button at any time to cancel a selection you have made. Select the "aA" button on the screen to change the case of the letters.

You will then be able to select a difficulty for the game you are playing. There are 3 difficulty settings:

CASUAL STYLE	Only left and right arrows are used to make your character dance. If you're playing for the first time it's a good idea to select this difficulty to help you get used to the game!
SEMI-CASUAL COOL	The normal difficulty level. You will use the entire Control Pad to control your character!

FORMAL FUNK — You will need to use the A Button, the B Button, and the Control Pad to make your character dance. It's harder but you get way more points!!

Casual Cool gives you half the value of points that you would earn if you played Semi-Casual Cool, and you earn twice the value of points in Formal Funk!

THE CHARACTERS

Choose from any of these five funkadelic Bratz girls: Cloe™, Sasha™, Yasmin™, Jade™, and Meygan™! There are 5 Bratz-girls to choose from. Each one has 2 different outfits to wear! Play with your favorite or play with them all! It's up to you!

Cloe™ Jade™ Sasha™ Yasmin™ Meygan™

To choose a character press Control Pad Left or Control Pad Right to cycle through them and choose your favorite costume! You'll be able to change the costumes between songs as you like!

THE MENUS

Game Help

Remember you can get help at any time by pressing SELECT when you see !

Main Menu

This is the Main Menu for the game:

Practice – Use this mode to get familiar with the game and to practice songs and moves that you have unlocked!

Contest – The main mode of the game! Can you dance your way through to the Hollywood shoot? Unlock new moves, songs, and special moves in this mode. Play again with the different Bratz-girls to earn more points and unlock all the moves!

Multiplayer – Use your Game Boy® Advance Game Link® Cable to connect two Game Boy® Advance Systems and choose this option for multiplayer action!

Options – Here you can change the language, view the credits, or check out the highest scores!

THE GAME

Contest mode is the main mode of the game where you will get to dance your way to stardom! The better you dance, the more dance steps you unlock, and the better dancer you will become!

THE STEPS INDICATOR

This indicator tells you what the moves will be! Watch it closely and try to do as it says! Arrows radiate from the center. When one aligns with an outer arrow press your Control Pad in the same direction! The more accurate you are, the better your score. Try to get as many perfect moves as you can to get a higher score. The higher your score, the more dance steps you unlock for use in the funky Freestyle sections!

THE COOL-O-METER

The Cool-O-Meter is an indication of how well you are doing. When you do PERFECT moves the Cool-O-Meter grows! When you MISS a move the Cool-O-Meter will decrease. If you miss too many you'll have to restart the level, but if you dance really well, you'll score an extra 50,000 points!

FREESTYLE SECTIONS

This is where you can really show off how well you can dance! At least once per song there will be a Freestyle section. You will know this is coming when the Steps Indicator shrinks. You have 10 seconds to enter as many moves as you can to get bonus points!

THE MOVES

There are a total of 35 dance moves in the game. Only 4 are unlocked to start off with and it's up to you to unlock more in the Contest. All the moves you see your Bratz-girl doing in the game are unlockable. These are called "Basic Moves" and each Bratz-girl comes with her very own unique move! The best moves of all are called "Stylin' Moves" and are awarded when you have done

exceptionally well. They are hard to do but earn you even more points when you pull them off! Doing certain combinations of the Stylin' Moves earns you even more points. Be careful not to always do the same move because you earn fewer points for not being creative.

MULTIPLAYER MODES

You can play Copy Cat or Competitive Dance with a friend! See the next page of this instruction booklet for the proper procedure and setup requirements of the Multiplayer Modes. In both game modes you can play as any Bratz-girl and use any of the moves you have unlocked so far!

COPY CAT

Player one goes first and performs one input and then player two copies that input and adds an input of their own! Then player one must repeat the two inputs in the chain and add a third and so forth. The first one to miss one in the sequence ends the game. What's the longest chain you and your friend can create?

COMPETITIVE DANCE

You can play the Contest against a friend! Can you out-dance them and be the winner? Use any of the moves you have unlocked so far to be the best dancer around! Flaunt it!
