C Left Button -	Cycle through camera view/reverse camera view when backing up.
C Down Button -	Wheelspin
Z Button -	Handbrake
R Button -	Repair - Hold down to slow repair. Double press to Full Repair
L Button -	Recover

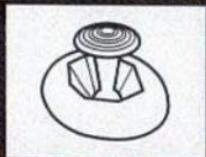

## CONTROL STICK FUNCTION

The Nintendo® 64 Controller contains a Control Stick which uses an analog system to read the angles and direction of its movement. This allows subtle control that is not possible using the conventional + Control Pad.

When turning the Control Deck power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture on the left) when the power is turned ON, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture on the left) then press START while holding the L and R Buttons.

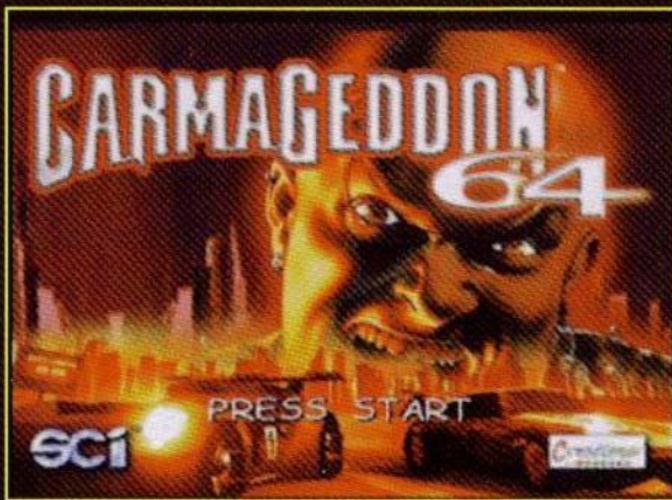

The Control Stick is a precision instrument, make sure not to spill liquids or place any foreign objects into it.

## Starting the Game

Insert the Game Pak into the NINTENDO 64 (Make sure it is properly inserted) and then turn the Control Deck power ON.

Do not touch the Control Stick when turning the Control Deck Power ON. When the Title screen appears, press START or the A Button and the Game Mode Selection Screen will be displayed.

NOTE: Various selection screens will be displayed throughout the game. Use the START or A Button to make selections on the screen. To cancel a Selection and return to the previous screen press the B Button.

Select which game type you wish to play.

## **CARMAGEDDON**

Race through a series of races and missions to win the Ultimate Prize!

## **QUICK START**

Drops you right into a game with a default car and track.

## **HEAD TO HEAD**

Play in three different multiplayer game types against your friend.

## **PRACTICE**

Don't know how to play Carmageddon? Well come here and let me show you.

# Game Modes

## CARMAGEDDON

You must complete a series of 40 races and missions against 21 other vehicles. The rules of Carmageddon are very simple: To win a race you can either:

1. Go round the track and pass through each checkpoint in order. (Boring!)
2. Waste all the other opponents (Leaving you the only player on the track and as such you **MUST** be the winner!)
3. Splat all the zombies on the level. (Great fun – but some of those pesky zombies are hidden away!)

You **MUST** complete a race with a positive amount of cash or the race will be deemed uncompleted.

Other than that there are no rules to Carmageddon. Go out there and do whatever you like. Break away from those shackles that society places around your ankles and go Kick some butt.

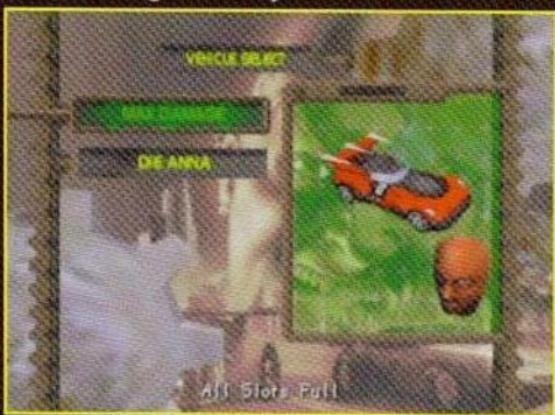

## SELECT DRIVER

When you first start Carmageddon you will be able to choose between Max Damage or Die Anna.

## SELECT RACE

Once you have selected your vehicle the Race Select screen will appear. Initially you can select Race 1, 2 or 3. Once you have completed all the races Mission 1 will appear. Complete Mission 1 and you will be taken to the next group.

## WRECKS GALLERY

When you have finished a race you own the wrecks of any cars you have wasted during the race. These Wrecks can be repaired, scrapped or sold for hard cash. If you already have 6 cars in your garage then you will not be able to repair any wrecks until you have sold one of the other cars in the garage.

## Quick Start

The quickest way to play Carmageddon 64! Choosing this option will automatically select the Eagle and select the next uncompleted race for you. Nice and easy, one button press and you are racing.

## Head-To-Head

Want a bit of revenge? Challenge your friend to compete Head-to-Head. There are 3 different types of multiplayer games in Carmageddon 64.

### Driven To Destruction

Be the first to destroy your human opponent – but don't get killed yourself!

### Eliminator

Win this by being the first to splat 50 zombies.

### Checkpoint Stampede

Race through every checkpoint in the level in any order. The first player to achieve this wins the race.

# Screen Display

## HUD

### 1. Speedo

**2. Lap Counter** The number of laps completed and how many remaining.

**3. Damage Indicator** Shows how much damage has been done to your vehicle.

### 4. Gear Indicator

### 5. Checkpoint Counter

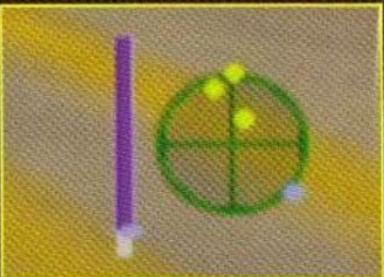

The number of checkpoints passed through, in the current lap and the number remaining.

**6. Wasted Counter** Number of vehicles left to waste

**7. Zombie Counter** Number of zombies that are on the level and how many left to splat.

## Radar

This is a very important part of the HUD. It shows you the location of all the other Vehicles in the race and also the location of the next checkpoint. The yellow dots are other vehicles and the blue dot is the next checkpoint. The center of the radar directly corresponds to the center of your vehicle. When you see a dot (of whatever color) inside the circle that means it is within the viewing distance of the vehicle you are driving. If the dot is on the outside of the circle it means the vehicle is no longer in viewing distance.

## Powerups

### Instant Powerups

These are powerups that's are used instantly and automatically (bouncy bouncy)

### Usable powerups

These are powerups that you can select and use manually (mine dropping ability)

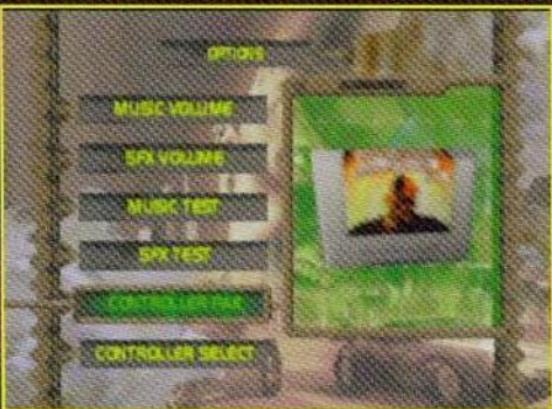

# Options

## Music Volume

Adjust the Music Volume

## Sound Volume

Adjust the SFX volume

# TECHNICAL SUPPORT

## TROUBLESHOOTING DOCUMENTS ONLINE!

Interplay Entertainment Corp. Technical Support now offers troubleshooting guides with complete installation and setup instructions as well as information that will help you overcome the most common difficulties.

If you have questions about the program, our Technical Support Department can help. Our web site contains up-to-date information on the most common difficulties with our products, and this information is the same as that used by our product support technicians. We keep the product support pages updated on a regular basis, so please check here first for no-wait solutions. If you have access to the World Wide Web, you can find these at [www.interplay.com/support/](http://www.interplay.com/support/)

If you are unable to find the information you need on our web site, please feel free to contact Technical Support via e-mail, phone, fax, or letter. Please be sure to include the following information in your e-mail message, fax, or letter:

- Title of Game
- Platform
- A description of the problem you're having

If you need to talk to someone immediately, call us at (949) 553-6678 Monday through Friday between 8:00AM-5:45PM, Pacific Standard Time with 24 hours, 7 days a week support available through the use of our automated wizard.

Please have the above information ready when you call. This will help us answer your question in the shortest possible time. When you call you will initially be connected with our automated wizard. For information pertaining to your specific title, press "1" on the main menu and listen carefully to all prompts. All titles are listed alphabetically. After you have selected your title, the most common difficulties will be listed. If the difficulty you are having is not listed or you need additional assistance, you may press "0" on your games main menu, and you will be transferred to a Technical Support Representative. No hints or codes are available from this line.

FTP: [ftp.interplay.com](http://ftp.interplay.com)

## CHECK OUT THE WEBSITE

Welcome to the Interplay Web! As a company dedicated to providing innovative, high-quality interactive entertainment software, we are always striving to stay as close as possible to the leading edge of technology. This Web site is the latest example of our ongoing effort to provide a wealth of information and opportunities to you.

As a company of fanatic gamers, we love the idea of gamers all over the world tapping into cyberspace to see, touch and feel our latest games. No hype, no marketing campaign; just great games. To make it work, our goal is to keep this site fresh and new, to make it a place where you can tell US what you like about our games... and what you don't like about them. So use the feedback options on these pages and sound off.

Enjoy your visit in our Web site, explore all the different areas we have to offer, and come back soon. Check us out in the weeks and months ahead; we will be introducing new and exciting areas for you to experience.

Once again, welcome.

Brian Fargo  
C.E.O.

Interplay's World Wide Web site is an Internet service designed to give you the latest information about Interplay and our products.

This site features our demos, upgrades, product information and ordering information.

### How to get there

From your Internet account, point your favorite browser to: [www.interplay.com](http://www.interplay.com)

This website is not intended for technical support, but to offer new machines and the latest product information. For technical support, please contact Interplay as described in the Customer Support section.

## GO TO THE WEB STORE

Looking for a quick, easy way to get your favorite Interplay games? Well look no further.....you can now order directly from Interplay. Just turn on your computer and go to [www.interplay-store.com](http://www.interplay-store.com).

This is your one-stop shop for everything Interplay. Buy the hottest new releases or maybe get a copy of that hard-to-find game that you've been looking for. Purchase some ultra-cool merchandise; or make a bid on a unique collectible in the Online Auction. All this, seasonal specials and much more. So don't delay..... go to [www.interplay-store.com](http://www.interplay-store.com) and get shopping!!

## WARRANTY AND SERVICE INFORMATION

### INTERPLAY LIMITED 90-DAY WARRANTY

Interplay warrants to the original purchaser of this Interplay Entertainment Corp. product that the cartridge on which the software programs are recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the cartridge is found defective within 90 days of original purchase, Interplay agrees to replace, free of charge, any product discovered to be defective within such period upon receipt at its factory service center of the product, postage paid, with proof of the date of purchase. This warranty is limited to the cartridge containing the software program originally provided by Interplay and is not applicable to normal wear and tear. This shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties applicable to this product, including warranties of merchantability and fitness for a particular purpose are disclaimed. Interplay disclaims all responsibility for incidental or consequential damages. Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions or liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

### LIMITED WARRANTY

If the cartridge should fail after the original 90-day warranty period has expired, you may return the software program to Interplay at the address noted below with a check or money order for \$15.00 (U.S. currency), which includes postage and handling, and Interplay will mail a replacement to you. To receive a replacement, you need to enclose the original defective cartridge in protective packaging accompanied by: (1) a \$15.00 check or money order, (2) a brief statement describing the defect, and (3) your return address. If you have a problem with your software, you may wish to call us first at (949) 553-6678. If your cartridge is defective and a replacement is necessary, U.P.S. or registered mail is recommended for returns. Please send the defective cartridge only (not the box) with a description of the problem and \$15.00 to:

### Warranty Replacements

Interplay Entertainment Corp. • 16815 Von Karman Avenue • Irvine, CA 92606

### COPYING PROHIBITED

This software product and the manual are copyrighted and all rights are reserved by Interplay Entertainment Corp. and are protected by the copyright laws that pertain to computer software. You may not copy the software. You may not loan, sell, rent, lease, give, sub license, or otherwise transfer the software (or any copy). You may not modify, adapt, translate, create derivative works, decompile, disassemble, or otherwise reverse engineer or derive source code from all or any portion of the software or anything incorporated therein or permit or encourage any third party to do so.

Notice: Interplay reserves the right to make modifications or improvements to the product described in the manual at any time and without notice.
