THQTM

WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherals may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Getting Started

Set up your PlayStation console according to the instruction manual provided with it. This game does not use a MEMORY CARD. Make sure the power is off before removing or inserting a disc. Press the **OPEN** button and the disc cover will open. Insert the Bob the Builder disc and close the disc cover. Plug in the Controller and turn the PlayStation on by pressing the **POWER** button.

Once the **POWER** button has been pressed Bob the Builder will automatically begin. A short title sequence will play and then the game will begin in the Office.

It is advised that you do not insert or remove your Controller once the power is turned on.

Please note that the analog mode of the Controller can be switched on by pressing the ANALOG mode button. The Left analog stick will perform in the same manner as the Directional buttons when the ANALOG mode switch is on.

Controls

DUALSHOCK™ analog controller

NOTE: Compatible only in Digital and Analog mode

NOTE: You may have a controller that looks like this, if so please follow the digital instructions outlined above.

Controls

Office:

Use the left and right Directional buttons or Left analog stick to move through the office devices.

Press the  button when the desired device is selected.

Game selection screen

Press down once to move from the back icon to the game icons

Press down again to move to the difficulty icons

Press left and right to move between the desired difficulty options

Press  button to select the difficulty level

Press up to move to the
game icons

Press left and right to move between game icons

Press  button to select the game

Games:

Move the cursor/character using the Directional buttons.

Press the  button to perform an action.

To quit the game, and return to the game selection screen press the START button to pause the game and then select End Game.

The Office

You can get to all of the Bob the Builder™ 'Can we fix it?™' activities from here. Use the left and right Directional buttons or the Left analog stick to select particular items in the office. As each item animates, you'll see the title of the job pop up. Press the  button to go to that particular job.

The table below shows you each job in the Bob the Builder 'Can we fix it?' game, the activities found in those sections and how to get to them.

Job	Activities	What do I select to get there?
Porcupine Rescue	Tunnel Time	Mail in-tray
Travis' Race Day	Race with Scoop Race with Dizzy	Diary
Plumbing Puzzle	Radiator Riddle Fix the Leaks	Phone
Can We Build It?	Knock it Down Build it Up	Computer
Bubble Trouble	Bubble Trouble	Fax
Scary Spud	Scary Spud	Memo on notice board
Wendy's Birthday	Cake-tastic! Wild West Wendy	Party invite on notice board
Where's Pilchard?	Where's Pilchard?	Mail in-tray, Fax, Computer, Memo on notice board and Party invite on notice board
Parental Options	Sound Set-up	Filing cabinet

Game Selection Screen

You will be shown a game selection screen after you have chosen the job that you wish to do from the office. This screen allows you to choose a game from the job and to choose the difficulty level of the game.

You can move between the difficulty icons and the game icons by using the Directional buttons or the Left analog stick. Choosing the “Back” icon on this screen, or alternatively pressing the  button on the Controller will take you back to the office.

Choosing a Game

Up to three games will be displayed as icons on screen. They will highlight when selected. Move between games by pressing the left and right Directional buttons. The game name will appear above the icon. Simply press the  button to start the game.

Changing the Difficulty

You can only change the difficulty level of a game BEFORE you select it to play. Move between difficulty levels by pressing the left and right Directional buttons and press the  button to select it. You'll then hear an audio confirmation of your selection. Three hats is the most difficult level and one hat is the easiest level. The chosen level will highlight. Now move up to the game selection screen using the up Directional button, highlight the game you wish to play and press the  button.

Pausing a Game/In-game Options/Help

Pressing the START button on the Controller at any time during a game will pause the game and bring up a set of in-game options.

Use the Directional buttons to highlight an option and then press  button to select it.

Return to Game

This option returns you to the game you were playing.

End Game

This option quits the game and takes you back to the game selection screen. Select the Back icon to go back to the office.

Volume Bar

This option allows you to choose the volume of music and sound.

Help

This option will play some audio hints to help you.

Mono/Stereo Buttons

This option will switch between mono and stereo audio output.

The Games

Porcupine Rescue

Tunnel Time

Lofty is building a subway for the porcupines with Bob's guidance. Pick up a piece of pipe using Lofty's crane and then position it underground. To do this, move Lofty's hook over a piece of pipe using the left and right Directional buttons or the Left analog stick and pick it up using the  button. Move the pipe over the hole you think it should go in then press the  button to drop it in.

Try to match the shape of the pipe to the shadow that is drawn in the trench. If you place the pipe correctly it will stay in the trench. If it is wrong Lofty will lift it back out and you can try again. Can we build it? Yes we can!

Travis' Race Day

You can choose to race either Scoop or Dizzy against Travis.

Race with Scoop and Dizzy

Travis has challenged two of the machines to a race. Can you help Scoop beat Travis to the finish? Or will you help Dizzy win against Travis? Choose to play as one of the machines and do your best to win. Hold down the  button to make the machine go. Use the Directional buttons or the Left analog stick to steer either Dizzy or Scoop. Can we race it? Yes we can!

Plumbing Puzzle

This job has two parts—Radiator Riddle and Fix the Leaks.

Radiator Riddle

Mrs. Potts' heating needs to be repaired. Can you help Bob and Wendy replace some of the old parts with new ones? Wendy will give Bob one part at a time. Use the left and right Directional buttons or the Left analog stick to move Bob to where you think the part should go in the house. Press the  button to see Bob fix the part into the heating system. If you are wrong you can try it

somewhere else. To make things slightly more difficult, all the parts are colored and therefore each part will only fit in one of the rooms. Can we mend it? Yes we can!

Fix the Leaks

Bob has to test the new heating system for leaks.

Unfortunately, there are quite a few! Can you help Bob to fix the leaks before all the water runs out of the pipes? You will need to be quick—make Bob walk to each leak using the left and right Directional buttons or the Left analog stick. When he gets there, press the  button to see him fix the leak.

Sometimes you can hear leaks in other rooms in the house even if you cannot see them. Get Bob to find them. Can we fix it?™ Yes we can!

Can We Build It?

This job has two parts—Knock it Down and Build it Up.

Knock it Down

Lightning has struck the old bridge and has made it very unsafe. Bob and Lofty have to knock it down so that a new, safe bridge can be built. Lofty is already moving backward and forward in front of the pillars. You'll have to time the swing correctly so the wrecking ball actually strikes a pillar. Press the  button to swing the ball. If Lofty hits the pillar it will be damaged or knocked down. You will have to strike each pillar several times before it finally collapses. Can we clear it? Yes we can!

Build it Up

Now that the old bridge has been cleared away, Lofty has to build a new one. Using the Directional buttons or the Left analog stick, drive Lofty over to the pillar pieces and press the  button to pick up a piece of pillar. Then, drive Lofty back to the bridge, again using the Directional buttons or the Left analog stick and position him where the piece of pillar is to be fitted. Press the  button and Lofty will move the piece using his crane and drop it in to place. If it is in the right place it will stay there. If it is wrong you'll need to go back and pick up a new piece. Can we build it? Yes we can!

Bubble Trouble

Bob has laid new special cement in the school playground. He has left Roley to flatten the cement to make it nice and smooth. Unfortunately, it is very hot and large bubbles have started to appear on the surface. Move Roley over the bubbles using the Directional buttons or the Left analog stick, and flatten them before they burst. You'll need to watch the time because Bob will be back soon and he will want the job to be finished! Can we flatten it? Yes we can!

Scary Spud

Travis has sown new seed in Farmer Pickles' field. Greedy birds have spotted the tasty, new seed and have flown down into the field and are pecking away! Get Spud on the job. Make him run around the field using the Directional buttons or the Left analog stick and scare off the crows. Some of the crows are very bold so Spud will have to blow a raspberry using the  button! He will have to be quick before all the seed is eaten. Can we scare them? Yes we can!

Wendy's Birthday

This job has two parts—Cake-tastic and Wild West Wendy.

Cake-tastic!

It is Wendy's birthday and Bob has decided to make her a cake. Bob knows that Wendy works very hard so he wants it to be extra special. Can we decorate it? Yes we can!

Use the Directional buttons or the Left analog stick to move between the toppings, candles, icing bag, or Dizzy icons. Then, press the  button to select one of them. Once the selection is made, keep on pressing the 

button to scroll through the range of decorations. Then use the Directional buttons or the Left analog stick to position the decorations over the cake and press the  button to place them.

Bob's hand can only hold one item so place each item before you pick up another. End the game by highlighting the DONE icon and pressing the  button.

You can decorate the cake with:

- Toppings—choose the chocolate dots and then pick the topping you want to use. These are put on with a bag so it is easy to see where they go.
- Candles—choose the candles then pick the color that you want to place on the cake. Place one candle at a time on the cake.

- Colored icing—choose the icing bag then pick the color you want to ice with. Hold down the  button to let out a stream of icing.
- Models of the machines—choose Dizzy and then pick the machine model you want to place on the cake. Place one model at a time on the cake.

When you are finished decorating the cake select the Done icon. Will she like it? Yes she will!

Wild West Wendy

At the party, Wendy asks Bob if he would like to try a Line Dance. Can we dance it? Yes we can!

When the music plays you can make Wendy dance. Use the 4 Directional buttons or the Left analog stick to make Wendy dance different steps. Bob will try to follow her movements. Once you have completed a dance you can watch the action replay by highlighting the Playback icon using the Directional buttons and pressing the  button. You also have the choice to record a new dance sequence by selecting Dance Again? or leave the activity completely by selecting End Game.

Where's Pilchard?

It's Pilchard's dinner time and Wendy is looking for her. Can you help Wendy to find her? Listen for her purring snores. The closer you get to finding her, the louder her snores will sound. Use the Directional buttons or the Left analog stick to move her dinner bowl around the scene and press the  button when you think you've found her. Can we find her? Yes we can!

'Where's Pilchard?' is available from 'Porcupine Rescue', 'Bubble Trouble', 'Can We Build it?', 'Scary Spud and Wendy's Birthday'.

Warranty

WARRANTY AND SERVICE INFORMATION

In the unlikely event of a problem with your product ("Product"), you may only need simple instructions to correct the problem. Please contact the THQ Inc. ("THQ") Customer Service Department at (818) 880-0456 or on the web at <http://www.thq.com> before returning the Product to a retailer. Live Customer Service Representatives are available to help you Monday through Friday 9am to 5pm PST or you can use our automated systems by phone or on the web 24 hours a day, 7 days a week. Please do not send any Product to THQ without contacting us first. Your 5 digit Product Code is **47064**. Please use this code to identify your Product when contacting us.

LIMITED WARRANTY

THQ warrants to the best of THQ's ability to the original consumer purchaser of the Product that the medium on which the Product is recorded shall be free from defects in materials and workmanship for a period of ninety (90) days from the original date of purchase. The Product is sold "as is," without express or implied warranty of any kind, and THQ is not responsible for any losses or damages of any kind resulting from use of this Product. If a defect occurs during this ninety (90) day warranty period, THQ will either repair or replace, at THQ's option, the Product free of charge. In the event that the Product is no longer available, THQ may, in its sole discretion, replace the Product with a Product of comparable value. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to THQ's satisfaction, that the product was purchased within the last ninety (90) days.

TO RECEIVE WARRANTY SERVICE:

Notify the THQ Customer Service Department of the problem requiring warranty service by calling (818) 880-0456 or on the web at <http://www.thq.com>. If the THQ service technician is unable to solve the problem by phone or on the web via e-mail, he will authorize you to return the Product, at your risk of damage, freight and insurance prepaid by you, together with your dated sales slip or similar proof-of-purchase within the ninety (90) day warranty period to:

**THQ Inc.
Customer Service Department
27001 Agoura Rd., Suite 270
Calabasas Hills, CA 91301**

THQ is not responsible for unauthorized returns of Product and reserves the right to send such unauthorized returns back to customers.

This warranty shall not be applicable and shall be void if: (a) the defect in the Product has arisen through abuse, unreasonable use, mistreatment or neglect; (b) the Product is used with products not sold or licensed by SCEA or THQ (including but not limited to, non-licensed game enhancement and copier devices, adapters and power supplies); (c) the Product is used for commercial purposes (including rental); (d) the Product is modified or tampered with; (e) the Product's serial number has been altered, defaced or removed.

REPAIRS AFTER EXPIRATION OF WARRANTY

After the ninety (90) day warranty period, defective Product may be replaced in the United States and Canada for US \$20.00. The original purchaser is entitled to the replacement of defective Product for a fee, only if proof of purchase is provided to THQ. Make checks payable to THQ Inc. and return the product along with the original proof of purchase to the address listed above.

WARRANTY LIMITATIONS

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS. NO OTHER WARRANTIES OR REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE THQ. ANY APPLICABLE IMPLIED WARRANTIES OR REPRESENTATIONS, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY LIMITED TO NINETY (90) DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL THQ BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from state to state.

WARNING

Copying of this Product or any of its contents or elements is illegal and is prohibited by United States and international copyright laws. Back-up or archival copies of this Product or any of its contents or elements are not authorized and are not necessary to protect your Product. United States and international copyright laws also protect this manual and other printed matter accompanying this Product. Violators will be prosecuted.
