WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherials may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use.
- Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

GETTING STARTED

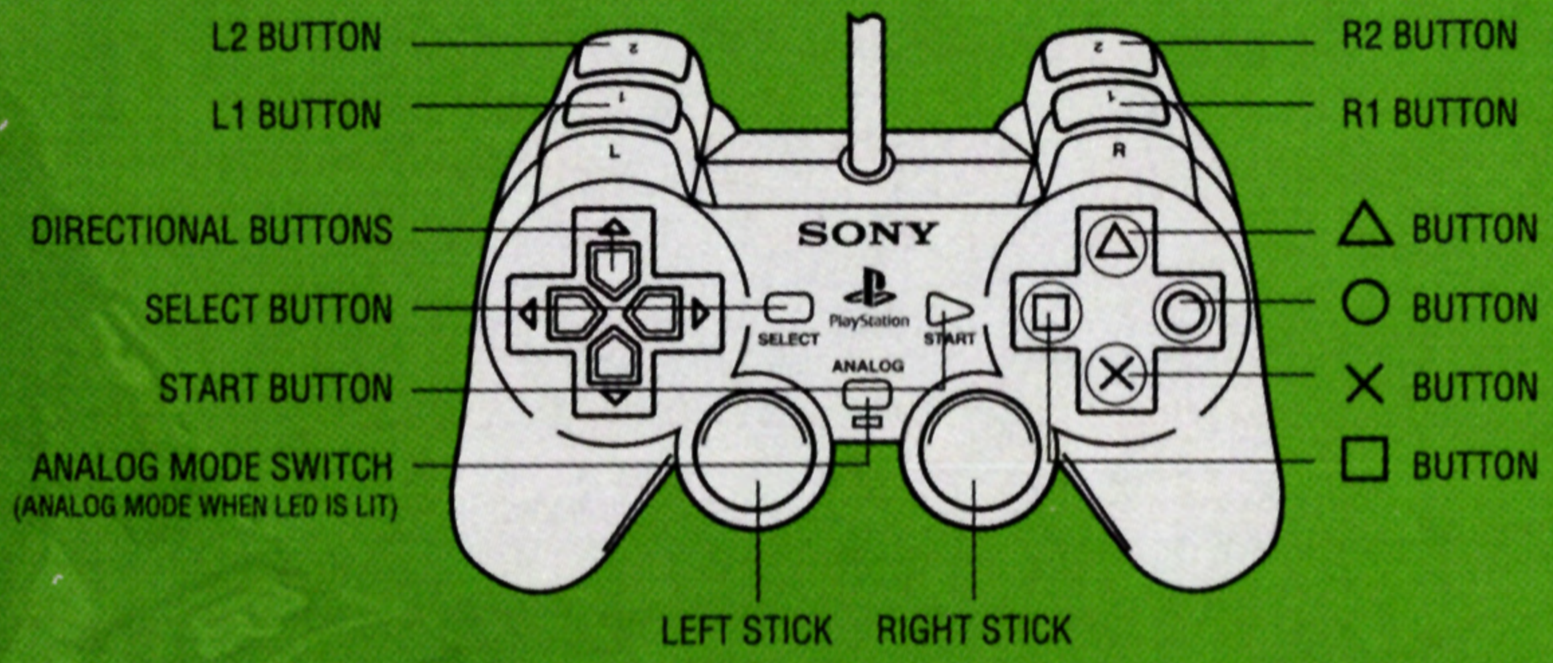

Set up your PlayStation game console according to the instructions in its Instruction Manual. Make sure the power is off before inserting or removing a compact disc. Insert the ***Championship Motocross™ 2001 featuring Ricky Carmichael*** disc and close the Disc Cover. Insert a game controller and turn on the PlayStation game console. Follow the on-screen instructions to start a game.

MEMORY CARDS

To save game settings and progress, insert a MEMORY CARD into MEMORY CARD Slot 1 of the PlayStation game console before starting play. You can Load your saved games from the same MEMORY CARD, or from any MEMORY CARD containing previously saved ***Championship Motocross™ 2001 featuring Ricky Carmichael*** games. To read about how to Save and Load games, turn to page 19.

INTRODUCTION

Welcome to ***Championship Motocross™ 2001 featuring Ricky Carmichael***. I know I'm always looking for the most insane thrills of racing, so I can see how you'd want to experience the most realistic PlayStation motocross action. Well, you've made the right choice! My game is the only one to feature not just myself, but all of my toughest competitors and friends from the motocross circuit - plus some of the best freestyle jumpers in the world. So whether you're going for the checkered flag as me in the Outdoor Nationals, or blowing the judges' minds as Carey "Vegas" Hart in freestyle mode, have fun. After all, that's what it's all about! See you at the races.

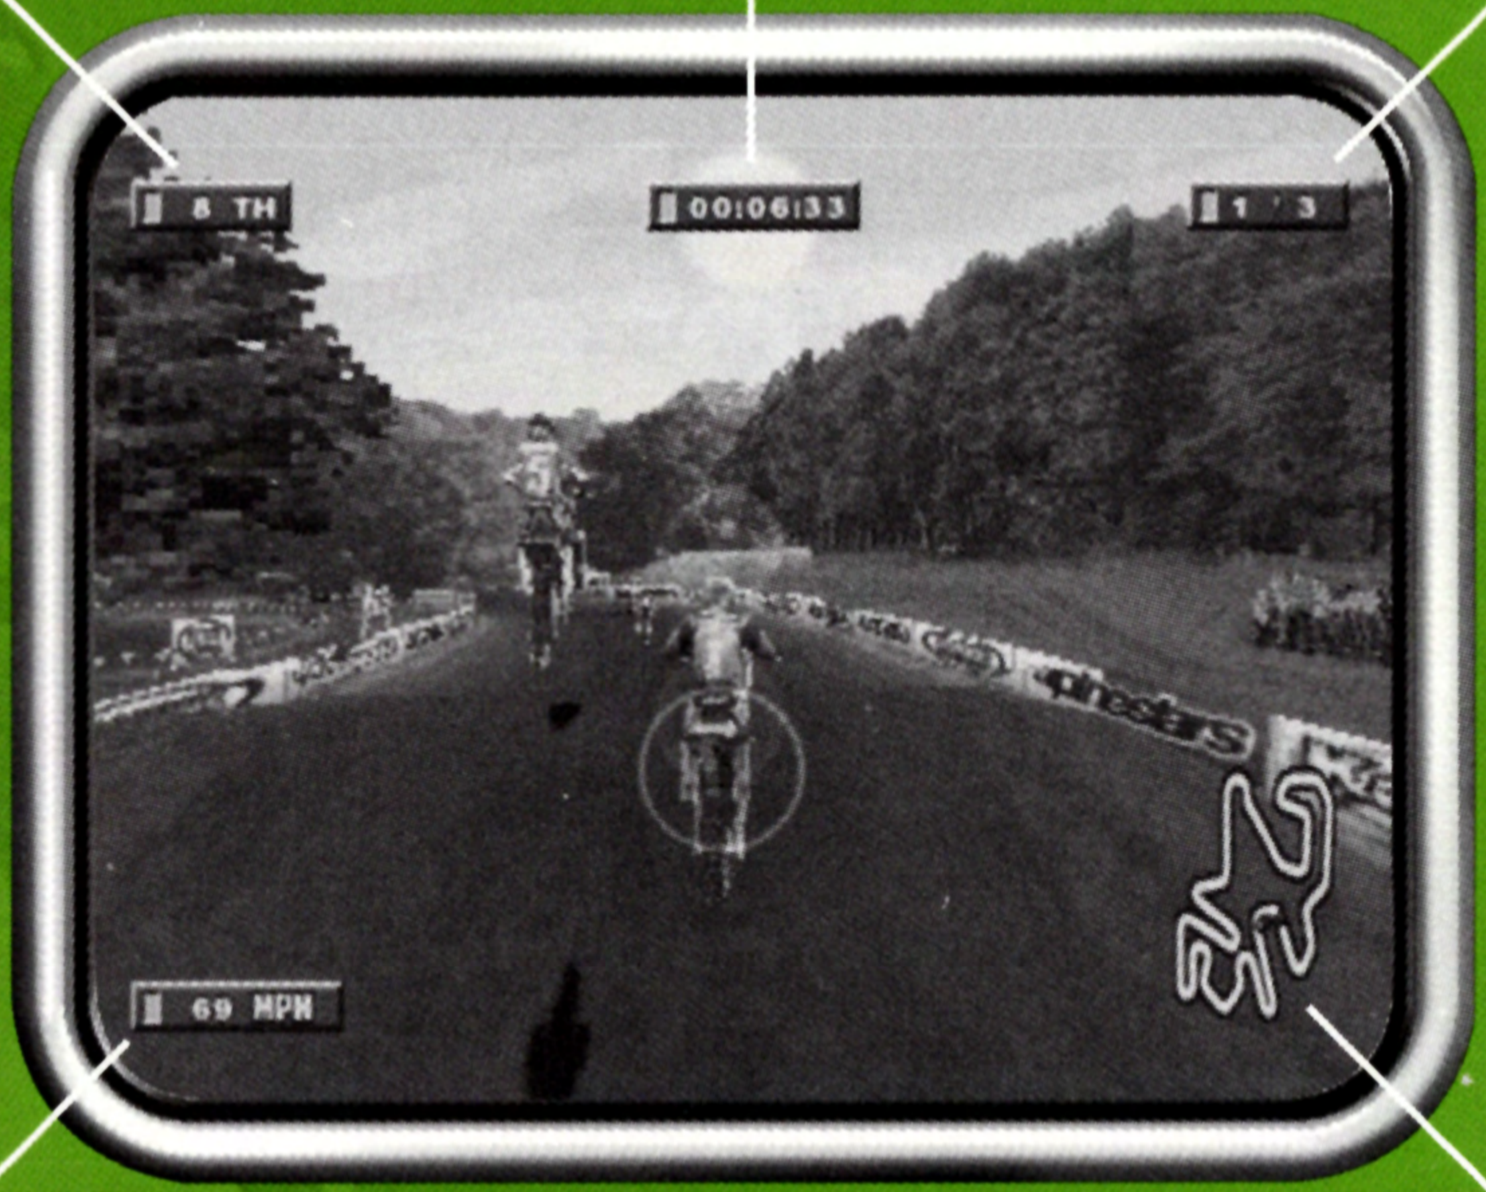

MAIN MENU

Press START from the Title Screen to bring up the Main Menu. You can select any of the following modes from the Main Menu:

- **Single Race** - Jump on your bike and head on out to the track for an Exhibition style race.
- **Championship** - Can you do what Ricky Carmichael can? Do you have what it takes to be a champion? Select Championship and find out. See page 10 for more information.
- **2P Single Race** - Go head to head with one of your buddies in a one-on-one battle. See page 13 for more information.
- **2P Championship** - The same thing as single player championship, except it's you and your friend competing for the prize. Can you edge out your buddy for the top spot?
- **Career Mode** - Start out as an amateur and work your way up into Championship Mode. See page 14 for more information.
- **Practice** - Hop on your bike and go out to the track. Learn the different tracks and practice your tricks before you start a real race. See page 14 for more information.
- **Freestyle** - Head on out to one of the freestyle tracks and compete in a 2 minute competition. Earn points for the height and length of your jumps, and the tricks you pull off, including combos. See page 15 for more information.
- **Options** - Before you're ready to move out to the track, customize your game with a number of different options. See page 16 for more information.

SINGLE RACE

CLASS SELECT

After selecting Single Race from the Main Menu, you'll need to pick the class you want to race in. Press ↑ / ↓ to select your choice, then press ⊗ button to confirm.

- **125cc:** The bikes on the 125cc level have the lowest amount of horsepower, but are the easiest to control. Beginners should first try mastering the 125cc level before trying to tame the 250cc bike.

- **250cc:** These bikes provide the most popular combination of speed and handling. Win the 125cc Championship Tournament and the 250cc class will open up.

TRACK SELECT

Once you've selected your class, you'll have to decide what track you want to race on. There are all 12 Outdoor Nationals, 4 amateur tracks and 4 supercross tracks. Press ↓ and ← / → to scroll through the different events. Once you've decided on an event, press ↑ and ← / → to scroll through the available tracks. Press ⊗ button to make your selection. All of these tracks won't be unlocked when you begin. Compete in Championship and Career Races to unlock the other tracks.

RIDER SELECT

You've got the class picked out; you know what track you're going to race on...what's left? Now you have to pick from one of the 28 pro riders featured in ***Championship Motocross™ 2001 featuring Ricky Carmichael.*** Press ← / → to change riders. Press ⊗ button to make your selection. View your rider's stats, then press ⊗ button again to head on out to the track and tear up some dirt! Press △ button to return to the previous screen.

CHAMPIONSHIP RACE

So you think you have what it takes to win the championship, huh? You'll have to outscore seven other opponents over the course of a race season to be crowned the Motocross Champion. Points are awarded to the riders based on how they finish in each race. Here's a breakdown of how the scoring works:

1st Place	-	15 Points
2nd Place	-	12 Points
3rd Place	-	10 Points
4th Place	-	6 Points
5th Place	-	5 Points
6th Place	-	4 Points
7th Place	-	3 Points
8th Place	-	2 Points

Beginning a Championship season is a lot like starting up a single race. First you have to pick your class: 125cc or 250cc. See page 9 for more information on selecting a rider.

SHOP

The Shop is where you get to outfit your bike with special gear. The bikes come with a default setup that is fine for every course, but if you want to tweak your bike you can do that too. Just head on over to the Shop and check out the upgrades you can get for your bike. Press ← / → to change the current selection and press ⊗ button to make a purchase.

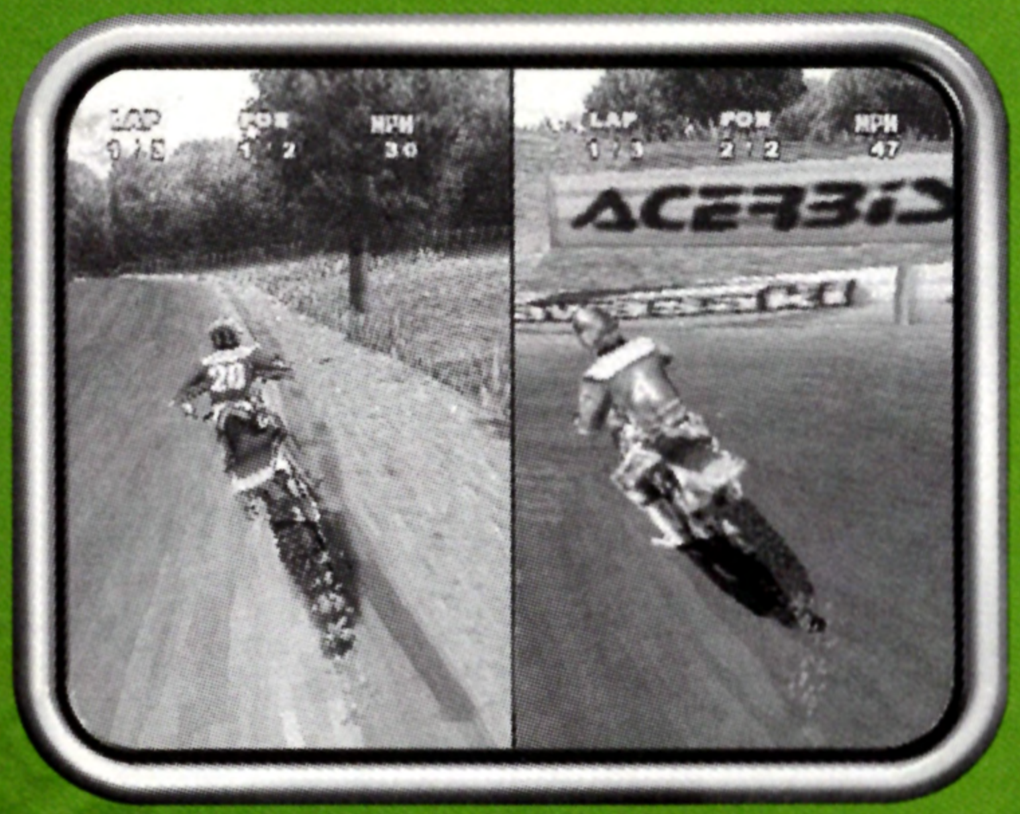

- **Tires:** The three different kinds of tires correspond to the three different kinds of track conditions - Mud, Sand, and Hard Pack. Since the tires affect the grip your bike has on the course, make sure you're using the correct tires for each course.
- **Exhaust:** Choose between Short, Fat or X pipes to adjust bike acceleration. The Short pipes will provide quicker acceleration at the bottom end, while the fat pipes will cause the bike to come alive in the top speeds. The X pipes are the best, giving you the highest amount of acceleration.

- **Sprockets:** You've got two choices when it comes to Sprockets - Oversized and Small, which one you pick will affect your acceleration curve. The Small Sprocket gives you less acceleration and higher top speed - use this sprocket when the course has lots of nice straight-aways. The Oversized Sprocket gives you more acceleration but a lower top speed - use this sprocket when the course has a lot of sharp turns that you'll want to get through quickly.
- **Suspension:** The bike's suspension will dictate how well the bike handles and jumps. The two choices are Pro and SX Suspensions.
- **Gas:** You can choose between Pump Gas and Race Gas for your bike. Use all the pump gas you want, it's free. Race gas will cost you, but you'll get a little more top end speed.
- **Engine:** You can either spring for the Top End Kit (which isn't very expensive, but it will give you a boost at the top end of your speed curve) or buy a full rebuild. If you don't purchase the Top End Kit for your bike every couple of races, you'll eventually blow the engine, which means you'll have to purchase the full rebuild.
- **Brakes:** You have two choices of brakes - Oversized and Small. The Oversized Brakes give more of an 'emergency stop' feel. Small Brakes give the rider less stopping power.

GARAGE

Now that you have the new parts you purchased over in the shop, you need to put them on your bike. Make sure you remember the kind of track you'll be racing on, as you'll want to tweak your ride to match the conditions.

2P SINGLE RACE

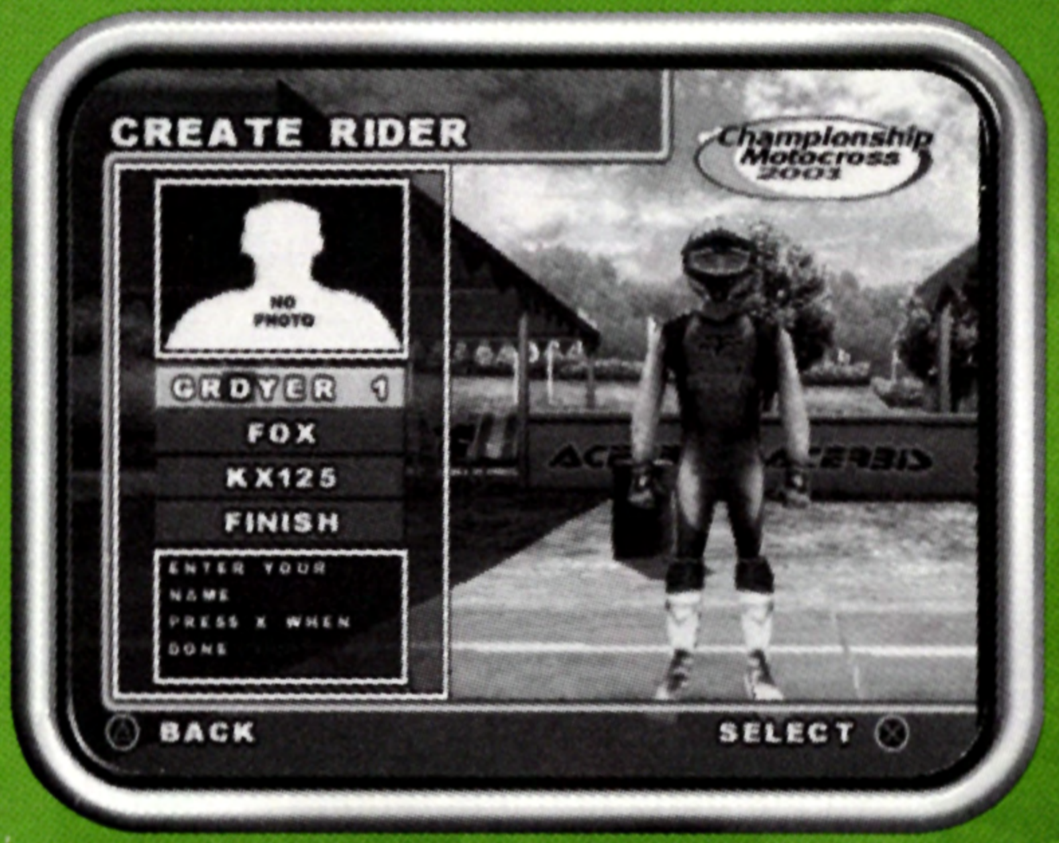

2P Single Race Mode is your chance to go head-to-head with one of your buddies. Race with a vertical or horizontal split screen and let the best rider win.

2P CHAMPIONSHIP

2P Championship Race is just like the Single Player Championship but instead of having to beat seven AI riders to claim the top spot, you'll have to defeat your friend over the course of a motocross championship season.

CAREER MODE

Career Mode allows you to create your own rider for competition. Start out as an amateur and work your way up into a Championship Season. You get to enter your name, pick your suit, and select your ride. Press ↑ / ↓ to change between the three options. Press ← / → to cycle through your choices. Select Finish and press ⊗ button to complete your racer.

PRACTICE

Practice makes perfect, right? Well, head on over to Practice Mode to learn the tracks before you go out on the racecourse. You can also work on combining your tricks.

FREESTYLE

Head on out to one of the Freestyle Tracks and try and catch as much air as you can. You'll receive points based on the height and length of your jumps as well as the tricks you are able to pull off. You will recieve less points for repeating tricks.

Freestyle Points

- **Heel Clicker** - 200 points
- **Can Can** - 225 points
- **Nac Nac** - 225 points
- **Superman** - 300 points
- **Pendulum** - 500 points
- **Lazy Boy** - 550 points
- **Cliff Hanger** - 600 points
- **Bar Hop** - 525 points
- **Cordova** - 1200 points
- **Indian Air** - 1100 points
- **Hart Attack** - 1500 points
- **Rodeo Air** - 1000 points

OPTIONS

Optimize *Championship Motocross™ 2001 featuring Ricky Carmichael* to suit your gaming needs with the Options Menu. Use the Directional Buttons to highlight an option, then press ⊗ button to select it. To exit the Options Menu, press △ button.

- **Race Settings:**
  - o **Split Screen:** This option influences Head-to-Head play. Press ← / → to select either Horizontal or Vertical.
  - o **Number of Laps:** Press ← / → to select 3 or 5 laps per race.
  - o **Slow Bike Boost:** This setting is only used in Head-to-Head mode. This will give a boost to the less skilled player.
- **Controller SETTINGS:** Think the game would play better if the controls were laid out differently? Use this menu to change it to your liking.
- **Sound SETTINGS:** Adjust the Music and Sound Effects Volume.
- **MEMORY CARDS:** Load and Save games via this menu. See page 19 for more information on saving and loading games.
- **Adjust Screen:** Press ↑ / ↓ / ← / → on the Directional Buttons to optimize the viewable screen on your television.
- **View Records:** Press ← / → to view the best times and distances for each track in every class.
- **Extras:** Check out some cool extras like the intro movie, the bonus movie when you win the Championship, and also find the credits.

PAUSE MENU

While in the middle of a race, you can press START to Pause the game and enable the following options:

- **Restart:** If you think you can do better on the course, select Restart to begin the race over again. This is not available in Championship Races or Career mode.
- **Continue:** Head back to the racecourse.
- **Quit:** Leave the race.
- **Vibration:** ← / → will allow you to turn the vibration function ON and OFF on compatible controllers.
- **Speakers:** By pressing ← / → you can toggle between Stereo, Mono, and Swapped. By selecting Swapped, the sounds normally coming out the right speaker will come out the left one and vice versa.
- **SFX Volume:** Change the volume setting for the in-game sound effects by pressing ← / → .
- **Music Volume:** Adjust the volume of the music track by pressing ← / → .
- **Retire:** Retire (Quit) in Championship and Career modes.

PRO TIPS

- Double tap the gas at the start line, out of turns, before jumps and when slowed by other riders.
- Double tapping the gas and holding is more effective than double tapping constantly.
- Timing is crucial at the start. Try counting out the time that passes between when the card drops to when it turns sideways.
- Excessive use of the powerslide will cause you to lose speed. Instead try to let off the gas to minimize the slide while using the powerslide.
- While in the air try to even out for a flat landing and a longer jump so that you don't lose speed. Notice that you can lean in the air to set yourself up for an upcoming turn.
- To keep your speed when going over jumps, try to land on the down hill side of the jump.
- On the supercross tracks the focus is more on the timing of the jumps than on the turns.
- While engaging in turns try staying on the inside, this will make it harder for other riders to pass you.
- When riding at top speed towards a tight turn use the brakes to slow down, then double tap the gas out of the turn to regain speed.
- In Freestyle, start the tricks as soon as you launch off the ramp to assure a safe landing.
- In Freestyle, catching a lot of air off the jumps will give you more time to perform tricks.
- While racing, catching too much air on the larger jumps can cause you to fall behind.
- On tracks with numerous tight turns, like Unadilla, focus more on the placement through the turns instead of the speed.

SAVING AND LOADING

WARRANTY AND SERVICE INFORMATION

In the unlikely event of a problem with your product ("Product"), you may only need simple instructions to correct the problem. Please contact the THQ Inc. ("THQ") Customer Service Department at (818) 880-0456 or on the web at http://www.thq.com before returning the Product to a retailer. Live Customer Service Representatives are available to help you Monday through Friday 9am to 5pm PST or you can use our automated systems by phone or on the web 24 hours a day, 7 days a week. Please do not send any Product to THQ without contacting us first. Your 5 digit Product Code is **47047**. Please use this code to identify your Product when contacting us.

LIMITED WARRANTY

THQ warrants to the best of THQ's ability to the original consumer purchaser of the Product that the medium on which the Product is recorded shall be free from defects in materials and workmanship for a period of ninety (90) days from the original date of purchase. The Product is sold "as is," without express or implied warranty of any kind, and THQ is not responsible for any losses or damages of any kind resulting from use of this Product. If a defect occurs during this ninety (90) day warranty period, THQ will either repair or replace, at THQ's option, the Product free of charge. In the event that the Product is no longer available, THQ may, in its sole discretion, replace the Product with a Product of comparable value. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to THQ's satisfaction, that the product was purchased within the last ninety (90) days.

TO RECEIVE WARRANTY SERVICE:

Notify the THQ Customer Service Department of the problem requiring warranty service by calling (818) 880-0456 or on the web at http://www.thq.com. If the THQ service technician is unable to solve the problem by phone or on the web via e-mail, he will authorize you to return the Product, at your risk of damage, freight and insurance prepaid by you, together with your dated sales slip or similar proof-of-purchase within the ninety (90) day warranty period to:

THQ Inc.
Customer Service Department
27001 Agoura Road, Suite 270
Calabasas Hills, CA 91301

THQ is not responsible for unauthorized returns of Product and reserves the right to send such unauthorized returns back to customers.
This warranty shall not be applicable and shall be void if: (a) the defect in the Product has arisen

through abuse, unreasonable use, mistreatment or neglect; (b) the Product is used with products not sold or licensed by SCEA or THQ (including but not limited to, non-licensed game enhancement and copier devices, adapters and power supplies); (c) the Product is used for commercial purposes (including rental); (d) the Product is modified or tampered with; (e) the Product's serial number has been altered, defaced or removed.

REPAIRS AFTER EXPIRATION OF WARRANTY

After the ninety (90) day warranty period, defective Product may be replaced in the United States and Canada for US$20.00. The original purchaser is entitled to the replacement of defective Product for a fee, only if proof of purchase is provided to THQ. Make checks payable to THQ Inc. and return the product along with the original proof of purchase to the address listed above.

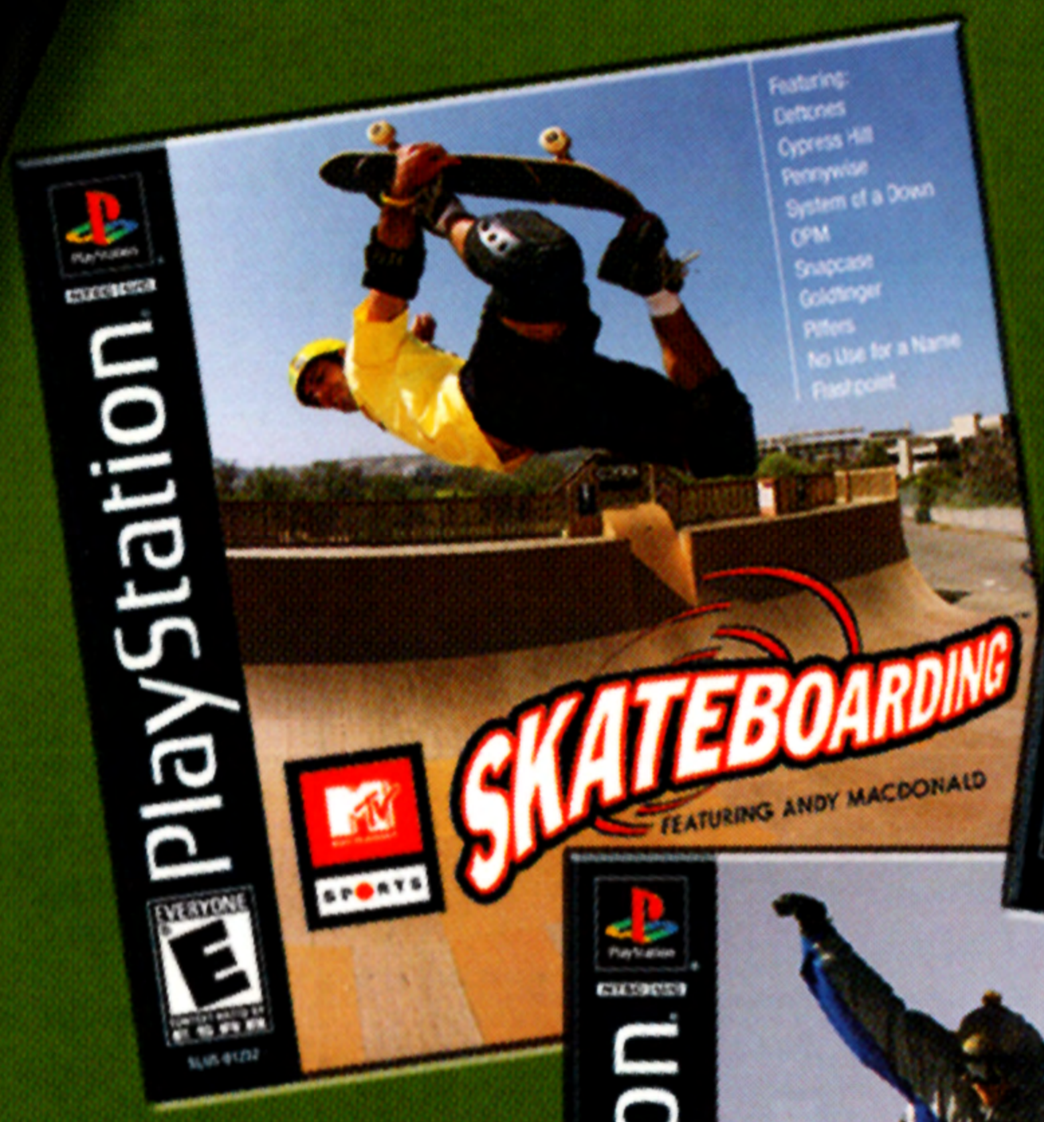

WARRANTY LIMITATIONS

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS. NO OTHER WARRANTIES OR REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE THQ. ANY APLICABLE IMPLIED WARRANTIES OR REPRESENTATIONS, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY LIMITED TO NINETY (90) DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL THQ BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from state to state.
