WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherials may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Greetings

Thank you for purchasing Disney's Winnie the Pooh Kindergarten. Before using this product, please read this instruction manual to learn the proper methods of play. Please store this instruction manual in a safe place, as we cannot replace lost or stolen manuals.

An icon will appear here.

move cursor	buttons
click	button

Then the graduation ceremony begins!

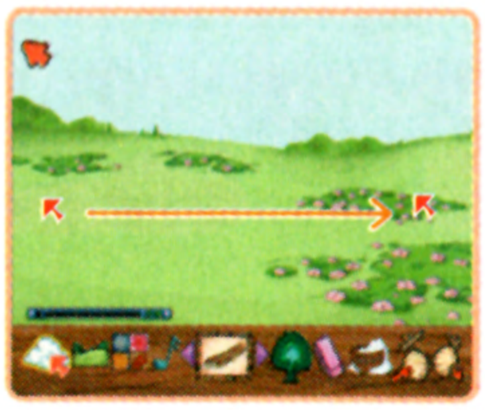
Options

You can adjust the game's settings.

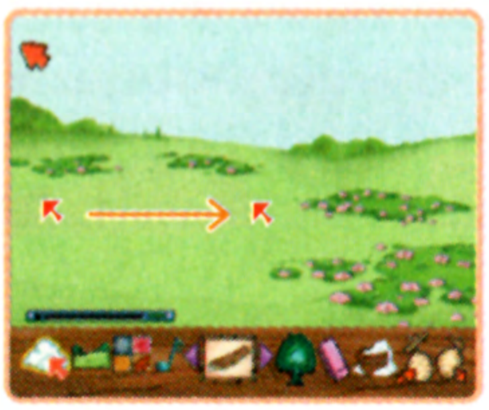
move cursor	buttons
click	button

Cursor Speed

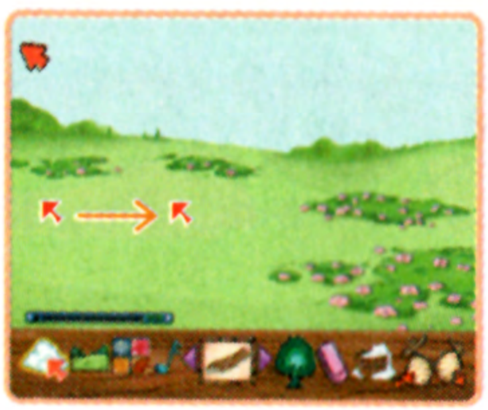
This controls how fast the cursor moves across the screen.



Fast



Normal



Slow

Guidelines

Aim of this software

Comprehensive Educational Software

This software allows infants to naturally learn necessary fundamental skills.

This comprehensive educational software offers a wide variety of learning experiences. In addition, users can choose various difficulty levels as well. We hope you enjoy playing this game while contributing to you child's growth.

Educational concepts of each game

Pooh's Thoughtful Spot (Creativity)

In this game the player creates his or her own special environment. Rich creativity is fostered through the selection of one's favorite season, sky and objects.

Advice Instead of simply scattering objects around, they can be placed in favorable positions and their sizes can be adjusted. Play some background music and take your time having fun with this game.

Rabbit's Shape Sorting (Colors, Shapes, Sizes, Counting)

Help Rabbit put away colored shapes into jars. The ability to distinguish various colors, shapes and sizes is taught through the process of deciding which shapes go in which jars.

Advice You can take out shapes that you've already placed in jars. Take your time, and don't worry if you make a mistake!

Owl's Wordshop (Alphabet, English Vocabulary)

In this game the player must restore a picture book whose pages were scattered about by the wind. In so doing the player will naturally pick up alphabet letters and English words.

Advice Start with easy words and work your way up while learning alphabet letters and the names of things through pictures. Once you've gotten the hang of it, try challenging level 3.

Roo's Number Balloons

Have fun counting balloons while playing at Roo's adorable balloon shop. This game teaches the fundamentals of numbers.

Advice Players can learn counting numbers in level 1, basic addition in level 2 and basic subtraction in level 3. Take each level in turn and master the fundamentals of numbers and counting.

Eeyore's Musical Mix and Match (Creativity, Sounds)

Use the strange instrument parts that Eeyore found to create a new instrument. The player can enjoy sounds and music in this game.

Advice A total of 16 different instruments can be constructed by placing together the top and bottom parts in different ways. Have fun experimenting with instruments while anticipating what kind of sounds they will produce.

Tigger's Treasure Hunt (Observation)

Tigger stumbled upon a treasure map, but doesn't know the directions. In this game the player looks at hints and helps Tigger on his hunt. This teaches children about directions, and nurtures their powers of observation.

Advice Once you've learned the North, South, East and West directions in level 1, try tackling the difficult challenges of level 2. When you've passed level 2, give level 3 a try. In addition to the previous four directions, four more are introduced: Northwest, Northeast, Southwest and Southeast.

Notes

BAM WARRANTY

BAM! Entertainment, Inc. warrants to the original purchaser that this product shall be free from defects in material and workmanship for a period of 90 days from the date of purchase. If a defect covered by this warranty occurs during this 90-day warranty period, BAM! Entertainment, Inc. will repair or replace the product at its option, free of charge.

This warranty shall not apply if the product has been damaged by negligence, accident, unreasonable use, modification, tampering or by causes unrelated to the defective materials or workmanship.

To receive this warranty service, send the defective product, a copy of the original sales receipt, a return address and a small note describing the difficulties you are experiencing to the address below.
