SALTWATER Sportfishing™

WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation® Game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – **IMMEDIATELY** discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation® Game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial products and peripherals may damage your PlayStation® Game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation® Game console.
- Do not bend it, crush it or submerge it in liquids
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

- 4 Controller port
- 5 OPEN button

- 6 disc cover
- 7 Controller port 1
- 8 Controller port 2
- 9 MEMORY CARD slot 1
- 10 MEMORY CARD slot 2

INTRODUCTION

Go below the surface and travel to some of the most exotic fishing spots in the world. Prove your skills as you follow the fish to defeat the world's most experienced fishermen at their own game! Fight against the clock to make sure your catch doesn't fight its way to freedom and become the one that got away!

MAIN MENU

The Main Menu is where you can choose game modes and access the Options screen

OPTIONS

Audio / Video – Set the volume for music and sound effects.

Controller – Choose between a set of predetermined controller set-ups.

Vibration – Turn the vibration function on the controller on or off.

GAMEPLAY MODES

In Saltwater Sportsfishing, there are three different levels of gameplay:

ARCADE

In Arcade mode you are given five minutes to do your best and catch as many fish as you can. If you catch a fish in the time allotted, time will be added to the clock. You can keep a record of the fish you catch in your Gallery.

RECREATION

Participate in different events that suit your fishing style in any of the locations you have unlocked in Tournament Mode. The best scores in every event, except Practice, will be added into the Gallery. Choose from:

Practice- Sit back and relax, fish at your leisure. There is no time limit.

2-Day Best Fish- Catch the highest scoring fish in one location over the course of two days.

3 Day All Release- Catch the most fish, by points in one location over 3 days.

4-Day best 3 of 4- catch the 3 highest scoring fish in one location over the course of 4 days

Marathon- Race Against the clock! Score time and points for fish caught.

Grand Slam- Catch at least 3 different species of fish in one location over the course of one day.

TOURNAMENT

In tournament mode, begin in the Hawaiian Pacific, and unlock new locations by successfully completing the fishing challenges.

HOW TO HOOK A FISH

When a fish is nibbling at your bait, pull the rod back quickly to set the hook. Be careful not to pull too hard, or you'll yank the lure right out of its mouth! How hard to pull will depend on the type of fish nibbling at your bait.

One thing is for sure, from the moment you set the hook; you must keep the tension on.

HOW TO FIGHT A FISH

Each fish has a different fighting style. Some will jump, others dive, a few will try to spool your line out, swimming away until you run out of line. Knowing the fighting style of each fish will help you fight it.

Hint:

A fish out of water, is, well, a fish out of water. If your catch jumps into the great blue yonder, take a moment to marvel it's grace, then reel him with all your might. You can reel in a flying fish much faster than a swimming fish.

Hint:

Some fish are best left to tire out before trying to reel them in. Good luck!

RADAR

You can use your Sweeper Sonar to find the best place to fish, check your game objectives and to gather information on the fish that inhabit the area.

The fish information screen will let you know what species of fish are in the area, the temperature and depth preference for each fish type, the best lure to use, the average length and weight for each fish, and a brief description of the fighting style for each fish.

SAVING AND LOADING

Saltwater Sportfishing requires 1 free block of space in order to save. Make sure there are enough free blocks on your memory card before commencing play. Saltwater Sportfishing only supports MEMORY CARD slot 1.

If you have a memory card inserted upon boot-up, and a Saltwater Sportfishing game profile is on the memory card, the game profile will be automatically loaded. If there is more than one game profile, the one most recently saved will be loaded. You may also load a saved game profile by choosing Load on the Main Menu. If you wish to save your game, choose Save on the Main Menu.

If you have a memory card inserted with no Saltwater Sportfishing saves on it, you will be asked

If you have a memory card inserted with no Saltwater Sportfishing saves on it, you will be asked to save to the memory card. Selecting yes will create a saved game profile. If you have an unformatted memory card inserted, you will be asked if you wish to format the memory card. Selecting Yes will format the memory card, and create a saved game profile.

GALLERY

After you have caught some fish in the various gameplay modes, you can check out your recorded catches in the Gallery. You can also view high scores and points from Recreation Mode and Arcade Mode.

LINES

There is a range of line weights from 4 pounds to 130 pounds. You must select the appropriate line weight. If the line is too thick, fish will avoid your bait. If the line is too weak, a fish will break it immediately. A lighter line will always mean a harder fight and a better score.

It is possible to catch a fish that weighs seven times the weight of the line or more!

LINE TENSION

Once a fish is on your line the Line Tension meter will appear at the top of the screen. This will let you know how much stress the fishing line can take before it will break. If the meter goes too far into the red, the line will snap.

LURES

Different lures attract different types of fish. For example, the blue marlin will go for the lures, live and dead bait, the tuna will go for natural baits and the mahi mahi will go after just about anything.

LOCATIONS

There are 12 exotic locations to unlock in Saltwater Sportfishing. Each location hosts different varieties of saltwater fish for you to catch. Start off in the Hawaiian Pacific, as you become a better fisherman, you will travel to other locations to show off your angling talents.

WARRANTY

Take-Two Interactive Software, Inc. warrants to the purchaser only that the disc provided with this manual and the software program coded on it will perform in accordance with the description in this manual when used with the specified equipment, for a period of 90 days from the date of purchase.

If this program is found to be defective within 90 days of purchase, it will be replaced. Simply return the disc to Take-Two or its authorized dealer along with a dated proof of purchase. Replacement of the disc, free of charge to the original purchaser (except for the cost of returning the disc) is the full extent of our liability.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESSED OR IMPLIED. ALL IMPLIED WARRANTIES, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, IF APPLICABLE ARE LIMITED IN DURATION TO 90 DAYS FROM THE DATE OF PURCHASE OF THIS PRODUCT.

Take-Two shall not be liable for incidental and/or consequential damages for the breach of any express or implied warranty including damage to property and, to the extent permitted by the law, damages for personal injury, even if Take-Two has been advised of the possibility of such damages. Some states do not allow the exclusion or limitation of any incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty shall not be applicable to the extent that any provision of this warranty is prohibited by any federal, state, or municipal law, which cannot be pre-empted. This warranty gives you specific legal rights and you may also have other rights, which may vary from state to state.

You may not reproduce, prepare derivative works based on, distribute copies of, offer for sale, sell, transfer ownership of, rent, lease, or lend to others the Program or accompanying documentation, or any portion or component of the Program or accompanying documentation; provided, however, that you may transfer the entire Program and accompanying documentation on a permanent basis as long as you retain no copies (including archival or backup copies) of the Program, accompanying documentation, or any portion or component of the Program or accompanying documentation, and the recipient agrees to the terms of the Agreement. Further, you may not modify, reverse engineer, disassemble, decompile or translate the Program or accompanying documentation, or any portion or component of the Program or accompanying documentation, nor may you make any copies of the Program modules for use with other programs. This program is intended for private use only.
