WARNING:

READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNOFFICIAL PRODUCT:

The use of unofficial product or peripherals may damage your PlayStation game console and invalidate your console warranty.

HANDLING YOUR PLAYSTATION DISC:

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it, or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

This product has been rated by the Entertainment Software Rating Board. For information about the ESRB rating, or to comment about the appropriateness of the rating, please contact the ESRB at 1-800-771-3772.

➤ To select an option from the Clubhouse, highlight your choice and press **✕**.

❖ For more information about stroke play and the other *Tiger Woods PGA TOUR Golf* Game Modes, ➤ p. 13.

● **PLAY NOW:** Begin the journey toward becoming the champion of the EA SPORTS PGA TOUR Challenge (➤ p. 14).

GOLFERS SCREEN

Play any game mode and master the course as Tiger Woods or try your luck as one of the other talented PGA TOUR pro golfers.

● **NOTE:** The Golfers screen appears after you select any game mode from Game Setup or Play Now.

To select a Golfer:

1. From the Golfers screen, press the D-Button  until your golfer of choice is highlighted. To add other golfers to the game, press the D-Button . You can play with up to four golfers at one time (Tournament mode and EA SPORTS PGA TOUR Challenge are one player only).

➔ To customize your golfer, press . (For more information, ➤ *Player Options* below).

2. After you select your golfer(s), press  to reach the Course Select screen. Press the D-Button  to highlight the course of your choice and press  again to begin play (➤ *Playing the Game* on p. 8).

NOTE: In some game modes the golf course is chosen for you.

PLAYER OPTIONS

CONTROLLER

Assign a golfer to a controller. Press the D-Button  to have a human player or the CPU control the golfer.

NAME

You can personalize a custom golfer with a created name. This helps identify the different golfers when playing in head-to-head games.

➔ To name a custom golfer, press  to begin editing. Press the D-Button  to choose a letter or number and press the D-Button  to move spaces. When your name is complete, press  again to accept.

LEVEL

Select the difficulty level for your golfer. PRO is for the advanced gamer, **AMATEUR** is for those who have some experience, and NOVICE is for the real beginner. The courses are harder to master when the level is set at PRO.

CHARACTER

Select any PGA TOUR pro as your custom golfer.

SELECT CLUBS

Select which clubs a golfer carries in his bag. You are allowed to carry 14 clubs.

⇒ To change your clubs, press **✕** to reach the Club Select screen. Put the cursor on the club of your choice and press **✕**. The club is either added or removed from your golf bag. Press **■** to revert back to the default settings. You can't add a club unless you are below the limit.

LOAD PLAYER

If you have a saved custom golfer, you have the option to load him from your MEMORY CARD.

SAVE PLAYER

Write custom golfers to your Memory Card.

⇒ To return to the Golfers screen, press **▲** and then press **✕** to go to the Course Select screen.

COURSE SELECT SCREEN

Tiger Woods PGA TOUR Golf features six championship golf courses including TPC at Summerlin™, TPC at The Canyons™, Badlands Golf Club™, TPC of Scottsdale™, TPC at Sawgrass™, and Poppy Hills Golf Course™.

⇒ To select a course, press the D-Button **↑** to highlight a venue and press **✕** to accept.

COURSE OPTIONS

WIND

Control the amount of wind during your round of golf. You can select wind settings of **CALM**, BREEZY, GUSTY, STRONG or NO wind at all.

HOLES

You have the option to play **ALL 18 HOLES**, THE FRONT 9, or THE BACK NINE during your round.

HOLE SELECT

In Practice mode, you have the option of choosing which hole to play. As you select holes individually, they will become grayed out. These holes will not be played.

NUMBER OF ROUNDS

In Tournament mode, you can select **1**, 2, or 4 rounds.

⇒ For Course Options, press **■**.

Hit Zone

The Swing Meter determines how much power and accuracy you have on your shot when driving, swinging, and putting.

NOTE: If you are playing with a DUALSHOCK analog controller, the game automatically defaults to the Analog Swing. Press the ANALOG mode switch OFF to enable the Three-Click Swing.

THE GOLF SWING

How to swing:

➡ Press **X** (or press the left or right analog stick **↓**) to start the backswing. When the Swing Meter is closest to the 100% mark, press **X** again (or press the left or right

analog stick ↑) to begin the downswing. Press ✕ a third time in the hit zone to hit the ball (Analog Swing does not require a third input).

✧ The power guide above the swing meter adjusts to changes in your aim.

How to aim:

➞ Press ▲ to enable the zoom camera.

➞ To aim the target, press the D-Button in the direction you want your shot to go.

✧ If the target is green, your aim is in play. If it's red, your aim is out of play.

● **EA TIP:** On putts, the green is not always as flat as it looks. Read the green more precisely by pressing **R1**.

How to change the power of your swing:

➞ Tap ✕ (or press the left or right analog stick ↑) during your backswing only once the desired power level is reached on the Swing Meter.

✧ The longer you wait before starting the downswing, the more distance the ball travels.

● **EA TIP:** A full backswing can be too powerful in some situations on the course. Use a half-swing or a quarter-swing by pressing ✕ (or press the left or right analog stick ↑) at the appropriate time during your backswing.

● **EA TIP:** When you use overswing for extra power, the Swing Meter moves faster and your mistakes are exaggerated. A slight miss in the green accuracy zone could mean a big slice or hook.

How to use Fade, Draw, Topspin and Backspin:

Once the meter has been put into motion, you can use the D-Button to add spin to the ball flight. Press left to move the crosshair left for draw, press right for fade, press up for top spin, and press down for backspin. Be sure to hit the center of the cross-hair for best accuracy.

TIGER CONTROL

After your swing, you can control the ball spin (also known as Tiger Control) on drives and fairway shots.

- When your ball is in flight, use the D-Button to apply real-time spin and steer the shot (only from tee or fairway lies).
- You can turn Tiger Control ON/OFF from the Options menu. When OFF, you can only control the spin using the D-button (fade, draw, topspin, or backspin) before the shot. You have no control once the ball is hit.

NOTE: Tiger Control is ON by default for Novice level.

HOLE OVERVIEW

Another way to determine shot strategy is by looking at the current hole with the overview.

- ✧ At the beginning of each hole, press ● to scan the entire hole. Press ● again to display the lie, wind, and club info.

PUTTING

How to putt:

Putting is a two-click mechanic for both three-click and analog swing.

- When on the green, press ✕ to start the backswing. When the Swing Meter is closest to the corresponding hit mark, press ✕ again to putt the ball. For the Analog swing, press the left or right analog stick ↓ to start the backswing and ↑ to begin the downswing.

CLUB SELECTION

Every club is different. From your driver to your putter, each club has a distinct purpose in terms of distance and loft.

Once you've planned your shot and set your target, select a club that can deliver the results you need. The lower-lofted irons (3 Iron, 4 Iron, etc.) provide greater distance while higher-lofted clubs (8 Iron, 9 Iron, sand wedge, etc.) provide greater height and backspin to hold the green better. Your 3-wood and 5-wood are best used in the long fairways, and the big driver is great from the tee.

 **EA TIP:** To get a good feel for your clubs, hit a few balls in Practice mode.

SHOT SELECT

There are four shot types:

FULL

Sets up a full swing with the appropriate club for the targeted distance.

PUNCH

Sets up a low shot without much backspin. Good for hitting under trees. A punch shot also minimizes the effect of the wind.

PITCH

Sets up for a shorter, higher flight. This shot selection is useful for short- to medium-range shots that need loft to sit on the green and stick.

CHIP

Sets up a short 'chip' onto the green with ample roll to the pin.

➞ To choose your shot selection before you hit, press ■.

 **NOTE:** When you play as an amateur or novice, a number appears below the lie icon. This number indicates the amount of "normal" power you will get when hitting from that lie, where normal means fairway power. For example, when hitting from the rough, the number might say 85%, which means you're losing 15% of your power due to hitting from the rough.

ON THE COURSE

MULLIGANS

Sometimes in golf, you'd like to have a "do-over" after a wild shot. That's where Mulligans come into play.

➞ To take a Mulligan, press ■ during your shot prior to the ball coming to a rest.

OUT OF BOUNDS/WATER HAZARDS

Every now and then a wild shot lands in a water hazard or out of bounds. When the ball lands out of bounds, you must re-hit your shot from its original spot, counting one stroke for the misplayed shot and one stroke for the penalty. For example, if your first tee shot lands out of bounds, your next shot from the tee is counted as your third. Likewise, a one-stroke penalty is assessed for hitting into a water hazard, and you are given the choice to play your ball at the point of entry (drop) or re-hit from the current spot.

TAP-INS

When the ball lands or rolls within two feet of the cup, you can tap in your next shot.

⇒ When *Tiger Woods PGA TOUR Golf* offers you a Tap-In, press **✕**. The ball automatically goes in the cup, and the stroke is assessed. To cancel, press **▲**.

SCORECARD

The Scorecard appears after each hole. Here, you can view your hole-to-hole score, overall score, par for each hole and score for the other golfers. You can also view the scorecard from the Pause menu.

PAUSE MENU

⇒ To reach the Pause menu while on the course, press **START**. After you make your adjustments, press **▲** or **START** to return to the course.

SCORECARD

Check out the scorecards of all participating golfers and view the player Leaderboard (when applicable). Also view the Tour Card in the EA SPORTS PGA TOUR Challenge. In some modes this option may say LEADERBOARD or SKINS CARD.

STATS

View statistics for participating golfers from the current round of golf or overall career stats (not available in Practice mode).

SKIP HOLE

Move on to the next hole on the course (Practice mode only).

OPTIONS

Change your game options such as Camera Cuts, Tiger Control, Controller Vibration, SFX Volume, Commentary, and Ambience Volume.

SAVE

Save your current game to a MEMORY CARD
(➤ *Saving/Loading* on p. 15).

QUIT

Quit the game and return to the Clubhouse.

GAME MODES

Tiger Woods PGA TOUR Golf offers a variety of game modes for every type of golfer.

➔ To access a game mode, highlight GAME SETUP from the Clubhouse and press ✕.

PRACTICE

Play any hole on any course at any time. Here you can take as many solo swings as you want in order to master the game. During practice, you can skip any hole and mulligans are unlimited.

✧ You can skip to the next hole from the Pause menu.

STROKE

Stroke play is a basic round of golf for up to four players. Golfers try to complete a round with the fewest strokes, competing against par. Tee-off honors are awarded to the golfer with the lowest score on the previous hole and one mulligan is allowed per nine holes.

SKINS

In THE SKINS GAME™, two to four golfers compete hole-by-hole for a monetary value called a skin. The goal of Skins is to win as much money as possible. To win a skin you must win the hole outright. The winner is the golfer with the most money at the end of the round. Mulligans are not allowed.

HALVE A HOLE

If two or more golfers tie ("halve") for the best score on a hole, the skin for that hole is carried over. The next golfer that wins a hole outright wins all carryover skins. Theoretically, all skins could carry over to the final hole. If two or more golfers "halve" the last hole, they'll begin a hole-by-hole playoff to determine the winner of the remaining skin(s).

TOURNAMENT

Compete against a field of golfing stars from the PGA TOUR in an 18-, 36- or 72-hole tournament. The golfer with the lowest total number of strokes at the end of the final round is the winner. Tap-ins are allowed.

MATCH

Match Play is golf one-on-one. Each player tries to win holes and the winner of each hole gains a point. Tie scores for a hole result in no additional points for either player.

HOLING OUT

If a player finishes a hole in fewer strokes than an opponent whose ball is still in play, the opponent doesn't finish the hole. Instead, the remaining ball is picked up and both players move to the next hole.

EA SPORTS PGA TOUR CHALLENGE

This unique game mode allows you to test your skills against the top PGA TOUR pros. Starting off as an Amateur, you must compete in several events and earn your way to the Pro rankings. Along the way, you earn money with the stakes getting higher as you progress. Once you turn Pro, your ultimate goal is to become the EA SPORTS PGA TOUR Challenge champion.

To start the EA SPORTS PGA TOUR challenge:

- 1.** From the Clubhouse, select PLAY NOW. The Golfers select screen appears.
- 2.** Select your golfer for the EA SPORTS PGA TOUR Challenge and press **✕**. Your first challenge (Event #1) appears.
- 3.** Read the object and goal of Event #1 and press **✕** to begin your game.

Note: You will only be allowed to save between events when playing this mode.
